

1. Record Nr.	UNINA9910968408603321
Autore	Young Don <1939->
Titolo	Adventure guide to the Pacific Northwest / / Don & Marjorie Young
Pubbl/distr/stampa	Edison, NJ, : Hunter Pub., c1999
ISBN	0-7591-2416-7
Descrizione fisica	1 online resource (229 pages)
Collana	Hunter travel guides
Altri autori (Persone)	YoungMarjorie
Disciplina	363.6/9
Soggetti	Travel Northwest, Pacific Guidebooks
Lingua di pubblicazione	Inglese
Formato	Materiale a stampa
Livello bibliografico	Monografia
Note generali	Includes index.
Nota di contenuto	Introduction : environmental sustainability at historic sites and museums -- Value : how environmental sustainability strengthens historic sites and -- Starting to go green: making choices; facilitating change -- Energy choices -- Environmental sustainability in collections care -- Rediscovering connections : buildings, land & water, plants & -- Sharing these connections: historic interpretation and community -- Materials : what comes; what goes; what gets transformed -- Sustainability policies and planning -- Creating our future -- Conclusion : sustainable stewardship : what business-as-usual should look like.
Sommario/riassunto	Growing public interest in environmental sustainability is a gift to historic sites and museums. It is an invitation to use our knowledge, collections, and sites to discuss how human practices and interactions with the environment in past were - and were not - environmentally sustainable. Being green still has a great deal to do with using less energy, buying less stuff, and recycling more, but now sustainability just as important in strategic planning, interpretation and public engagement. Environmental Sustainability at Historic Sites and Museums details how to go green at every level of your organization Why is this important? Because it is no longer a choice; environmental awareness as an amenity has become climate awareness as a necessity. Seas and storms threaten historic coastal communities. Flooding increasingly threatens sites near rivers. What structural precautions,

collections care changes, and insurance approaches should you take for the new normal? What self-sufficiencies must you develop? What role do you have in community responses? Let environmental sustainability change the way you operate, engage the community and fulfill your mission. Let this book introduce you to the topic if you're new to it; or take you to the next level of performance if you've been doing this awhile. From one of the leading experts in the sustainability practices in museums, this book explains how engaging in sustainable practices will benefit not only the planet, but also the people you serve, your programs and even your profits. To demonstrate this, Sutton provides case studies from museums at the forefront of the green movement.
