	Sommario/riassunto	""We believe that every young person should experience the world beyond the classroom as an essential part of learning and personal development, whatever their age, ability or circumstances. Learning outside the classroom is about raising achievement through an organised, powerful approach to learning in which direct experience is of prime importance.""LOTC Initiative manifesto?In Learning Outside

the Primary Classroom, the educationalist and writer Fred Sedgwick explores in a practical way the many opportunities for intense learning that children and
