Sexism and the star system in architecture / Denise Scott Brown ; Planning and representation in the early modern country house / Alice T Friedman.
Sommario/riassunto	Architectural history is more than just the study of buildings. Architecture of the past and present remains an essential emblem of a distinctive social system and set of cultural values and as a result it has been the subject of study of a variety of disciplines. But what is architectural history and how should we read it?Reading Architectural

History examines the historiographic and socio/cultural implications of the mapping of British architectural history with particular reference to eighteenth - and nineteenth-century Britain. Discursive essays consider a range of writing
