Piven -- Psychoanalytic theories of religion and the "Catholic problem" / Michael P. Carroll -- Freud, Jewish universalism, and the critique of religion / Carlo Strenger -- Interpreting three religious constructs / Harriet Lutzky -- Another epistemic evaluation of Freud's Oedipal theory religion / Ralph W. Hood, Jr. -- Mapping the imagination : heroes, gods, and Oedipal triumphs / Benjamin Beit-Hallahmi.
Sommario/riassunto	Psychoanalysis and Theism starts with a critique of psychoanalysis and its application to religion which, surprisingly, ends up expressing enthusiastic support for some classical psychoanalytic ideas. Following this essay by Adolf Grunbaum, one of the world's leading philosophers of science, nine senior scholars offer their own critical reflections on Freud's work and its hidden motives, on the potential of psychoanalytic ideas for the study of religion, and on the interpretation of the Virgin Birth and other doctrines
