Sommario/riassunto	The comprehensive breadth and scope of the Journal are to the fore in this issue, which ranges widely both geographically and chronologically. The subjects of analysis are equally diverse, with three contributions dealing with the Crusades, four with matters related to the Hundred Years War, two with high-medieval Italy, one with the Alans in the Byzantine-Catalan conflict of the early fourteenth century,

and one with the wars of the Duke of Cephalonia in Western Greece and Albania at the turn of the fifteenth century. Topics include military careers, tactics and strategy, the organization of urban defenses, close analysis of chronicle sources, and cultural approaches to the acceptance of gunpowder artillery and the prevalence of military "games" in Italian cities. Contributors: T.S. Asbridge, A. Compton Reeves, Kelly DeVries, Michael Ehrlich, Scott Jessee, Donald Kagay, Savvas Kyriakidis, Randall Moffett, Aldo A. Settia, Charles D. Sommario/riassunto

Here is a powerful look at gender issues in the criminal justice system, particularly as gender is related to sex offenses and the system's response to those offenses. Experts examine inmate sexual aggression, gender disparity in bail setting, racial patterns of rape, the female offender's adjustment to prison life, the psychological profile of female first offenders, and the self-image of juvenile prostitutes.
