## Sommario/riassunto

The ten volumes of Handbook of Pragmatics Highlights focus on the most salient topics in the field of pragmatics, thereby attempting to divide up its wide interdisciplinary spectrum in a transparent and manageable way. While the other volumes select specific philosophical, cognitive, grammatical, social, cultural, discursive, variational, or interactional angles, this 9th volume focuses on what pragmatics is good for - beyond the very discipline of pragmatics as such. The chapters in the volume thus address the importance of taking a pragmatic perspective on traditional fields of applie
