Record Nr. UNINA9910969525403321 Autore Monmonier Mark S Titolo From Squaw Tit to Whorehouse Meadow: how maps name, claim, and inflame / / Mark Monmonier Chicago,: University of Chicago Press, 2006 Pubbl/distr/stampa **ISBN** 9786612094262 9781282094260 1282094262 9780226534640 0226534642 Edizione [1st ed.] Descrizione fisica 1 online resource (231 p.) Disciplina 910/.01/4 Names, Geographical - United States - Etymology Soggetti Names, Geographical - Etymology **Toponymy** English language - Etymology - Names English language - Obscene words Obscene words Inglese Lingua di pubblicazione **Formato** Materiale a stampa Livello bibliografico Monografia Note generali Description based upon print version of record. Nota di bibliografia Includes bibliographical references (p. [179]-199). Naming and mapping -- The quest for a national gazetteer -- Purging Nota di contenuto pejoratives -- Body parts and risque toponyms -- Going native -- Your toponym or mine? -- Erasures -- Inscriptions -- Epilogue : naming rites. Brassiere Hills, Alaska. Mollys Nipple, Utah. Outhouse Draw, Nevada. In Sommario/riassunto the early twentieth century, it was common for towns and geographical features to have salacious, bawdy, and even derogatory names. In the age before political correctness, mapmakers readily accepted any local preference for place names, prizing accurate representation over standards of decorum. Thus, summits such as Squaw Tit-which towered above valleys in Arizona, New Mexico, Nevada, and California-

found their way into the cartographic annals. Later, when sanctions prohibited local use of racially, ethnically, and scatalogically offensive

toponyms, town names like Jap Valley, California, were erased from the national and cultural map forever. From Squaw Tit to Whorehouse Meadow probes this little-known chapter in American cartographic history by considering the intersecting efforts to computerize mapmaking, standardize geographic names, and respond to public concern over ethnically offensive appellations. Interweaving cartographic history with tales of politics and power, celebrated geographer Mark Monmonier locates his story within the past and present struggles of mapmakers to create an orderly process for naming that avoids confusion, preserves history, and serves different political aims. Anchored by a diverse selection of naming controversies-in the United States, Canada, Cyprus, Israel, Palestine, and Antarctica; on the ocean floor and the surface of the moon; and in other parts of our solar system-From Squaw Tit to Whorehouse Meadow richly reveals the map's role as a mediated portrait of the cultural landscape. And unlike other books that consider place names, this is the first to reflect on both the real cartographic and political imbroglios they engender. From Squaw Tit to Whorehouse Meadow is Mark Monmonier at his finest: a learned analysis of a timely and controversial subject rendered accessible-and even entertaining-to the general reader.
