

1. Record Nr.	UNINA9910969790903321
Autore	Mukherjee Mohua (Energy specialist)
Titolo	Private sector participation in the Indian power sector : lessons from two decades of experience / / Mohua Mukherjee
Pubbl/distr/stampa	Washington, DC : , : The World Bank, , [2014]
ISBN	9781464803406 1464803404
Edizione	[1st ed.]
Descrizione fisica	1 online resource (pages cm)
Collana	Directions in development Directions in Development Directions in Development - Energy and Mining
Disciplina	333.791/50954
Soggetti	Energy development - India Electric utilities - India Public-private sector cooperation - India
Lingua di pubblicazione	Inglese
Formato	Materiale a stampa
Livello bibliografico	Monografia
Note generali	Description based upon print version of record.
Nota di bibliografia	Includes bibliographical references at the end of each chapters.
Nota di contenuto	Front Cover; Contents; Foreword; Acknowledgments; About the Author; Abbreviations; Overview; Tables; Table O.1 Installed Capacity of Indian Power Generation Assets; Figure O.1 Bank Exposure to Power Sector; Figure O.2 Growth Rate of Bank Credit to Select Sectors; Figures; Table O.2 Causes for Increasing Vulnerability of Corporate Entities; Table O.3 First Integrated Rating for State Power Distribution Utilities, March 2013; Lessons Learned from Two Decades of Efforts to Attract Private Investment in the Power Sector; Table O.4 Allocations of State Capacity under the National Solar Mission Figure O.3 Summary of Electricity Value Chain under Pressure General Observations and a View Ahead; Notes; References; Chapter 1 Introduction to Private Sector Participation in the Indian Power Sector; The Prereform Period: From Independence to 1991; Box 1.1 The Green Revolution: Genesis of Free Power to the Agricultural Sector; Phase 1 (1991-95): The Opening of the Sector to Private Investment in Generation-Independent Power Producer Policy; Boxes; Phase 2 (1996-2003): Restructuring of SEBs, Introduction of Sector Regulators, and Initial Attempts at Privatization in Orissa and Delhi

Phase 3 (2003-12): Enactment of the Electricity Act and Subsequent Policy Initiatives to Introduce Competition and Create a Market in Generation, Transmission, and Distribution Phase 4: Investor Uncertainty at the Start of the 12th Five-Year Plan; Private Participation in Generation, Transmission, and Distribution; Notes; Reference; Chapter 2 Private Sector Participation in Thermal Generation; Key Messages; Importance of Power Generation; Placing the Indian Power Sector in an International Context; Figure 2.1 Growth of Private Sector in Power Generation Segment
Growth of Private Sector Participation in Power Generation in India

Prospects for Future Private Participation in Power Generation: What Is Holding Back Private Investors?

Sommario/riassunto

The state of the Indian power sector today is an acknowledged constraint to the country's growth aspirations. This book examines the home-grown Indian experience with private sector participation in power, identifies emerging risks, and proposes specific actions for government consideration, so that the power sector may fulfill its important role in India's growth story. Seeking financing, efficiency, and project management skills from the private sector to complement public sector efforts, the state governments and the central government have invited private participation in power for the pas
