Sommario/riassunto	This manual by Hiriappa B, Ph.D., translated by Gabriel Borges Santos, explores the dynamics of group and team development, focusing on effective team management within organizations. It delves into the formation, management, and transformation of groups into cohesive teams, emphasizing the importance of clear objectives, roles, and effective communication. The book provides strategies for improving decision-making processes, enhancing team efficiency, and fostering emotional intelligence among team members. It is particularly useful for professionals involved in team leadership and project management, aiming to optimize team performance and achieve organizational goals.
