Sommario/riassunto	At a time when the media's relation to power is at the forefront of political discussion, this book considers how journalists can affect public discourse on politics, economy and society at large. From well-known and respected authors providing all new material, Making Journalists considers journalism education, training, practice and professionalism across a wide range of countries, including Saudi Arabia, Africa, India, USA and the UK. The book offers insights into: what journalism is how education makes the journalist and, therefore, the news
