Alcohol monopoly to protect the noncommercial sector

of eighteenth-century Poland¹⁵ Gerald Mars and Yochanan Altman.
Alternative mechanism of distribution in a Soviet economy; Index

Sommario/riassunto

First published in 1987, Constructive Drinking is a series of original case studies organized into three sections based on three major functions of drinking. The three constructive functions are: that drinking has a real social role in everyday life; that drinking can be used to construct an ideal world; and that drinking is a significant economic activity. The case studies deal with a variety of exotic drinks
