Nota di contenuto	Contents; Foreword; Preface; Introduction: A History of the Changing Lives of Older Couples Study; Part I. Studying Bereavement: Methodological Innovations and Contextual Influences; Part II. Personal Consequences of Spousal Loss; Part III. New Perspectives on Grief and Bereavement; Part IV. Implications For Practice, Policy, and Future Research; Index
Sommario/riassunto	This volume provides insightful analysis and theoretical interpretation of factors that contribute to a range of adjustment patterns among bereaved persons in late life. It places the experience of widowhood in late life squarely within the context of contemporary society and explores a remarkable range of associated issues. The volume is destined to become a classic; it will set the standard for future empirical investigation of the experience of bereavement among older adults.
