Livello bibliografico	Monografia
Note generali	Bibliographic Level Mode of Issuance: Monograph
Nota di bibliografia	Includes bibliographical references (p. 219-240) and index.
Sommario/riassunto	"The rise of the West" has long been the accepted doctrine for framing analyses of world history. Privileging a Eurocentric approach, this traditional paradigm obscures the significance of the indigenous rich in non-Western regions and fails to recognize the contributions of the Orient. In this book, Peter Gran seeks to reframe current historical debates, presenting a model of analysis based on the rise of the rich. Gran outlines the structure of this new paradigm, building upon metanarrative concepts from Marxism to liberalism.
