| Sommario/riassunto | Alistair May explores the part played by sexual ethics and the rhetoric of sexual morality in the formation of Christian identity by focusing on the longest discussion of sex in the New Testament - 1Corinthians 5-7. Viewing this passage as a unified discourse, he considers how Paul's ethics serve to give his converts a distinct identity. | Sommario/riassunto | Beyond Article 19: Libraries and Social and Cultural Rights addresses the subject of libraries and cultural rights, a topic that has received relatively little attention in the past, but which librarians and others concerned with human rights are beginning to recognize and talk about. Librarians have long been concerned with individual rights and have worked tirelessly - indeed making it a basic tenet of the profession - to protect and preserve those rights. Little has been |

written about the role that libraries can play in protecting and promoting group rights, specifically cultural rights. This book examines this shortfall by exploring the relationship between libraries, cultural rights, and community life and identity.
