The Turkish Grand National Assembly during the Last Two Decades9 Conclusion: The Impact of Democratic Practice on the Parliaments of Southern Europe; Index
Sommario/riassunto	Southern European Parliaments in Democracy analyses the development of the parliaments of Greece, Italy, Portugal, Spain and Turkey since the mid-1980s. This book considers the challenges of the transition to democracy and outlines how the Parliaments of Southern Europe have adapted to the pressures of a democratic polity. Its focus is an assessment of the main changes that have taken place since the periods of transition to democracy right up to the present day. Chapters are country specific and consider a variety of indicators, from

legislation and scrutiny to the social background of MPs. This book was previously published as a special issue of the Journal of Legislative Studies.
