Sommario/riassunto

Meet the men and women whose groundbreaking work elevated the field of family studies! In *Pioneering Paths in the Study of Families: The Lives and Careers of Family Scholars*, you'll find 40 autobiographies written by leading scholars in sociology, family studies, psychology, and child development. Their fascinating stories demonstrate how their family experiences, educational opportunities, and occupational endeavors not only shaped the disciplines they chose but also shaped the theoretical perspectives they utilized and the topics they researched. From the editors: "These au
