Sommario/riassunto	This book examines the need for activities for elderly people in care and offers a practical programme of entertaining activities that can be used in nursing and residential homes, day centres, rehabilitation centres and hospices. As well as suggesting a programme of activities, it also advocates that 'activity nursing' should be integral to care.

2. Record Nr.	UNINA9911018890303321

Sommario/riassunto

The Novartis Foundation Series is a popular collection of the proceedings from Novartis Foundation Symposia, in which groups of leading scientists from a range of topics across biology, chemistry and medicine assembled to present papers and discuss results. The Novartis Foundation, originally known as the Ciba Foundation, is well known to scientists and clinicians around the world.
