

1. Record Nr.	UNINA9910971253303321
Autore	Pizzi Nicholas G
Titolo	Pretreatment field guide / / Nicholas G. Pizzi
Pubbl/distr/stampa	Denver, Colo., : American Water Works Association, c2007
ISBN	1-61300-069-3
Edizione	[1st ed.]
Descrizione fisica	1 online resource (63 p.)
Collana	Science and technology Pretreatment field guide
Disciplina	628.1/6
Soggetti	Water - Purification Feed-water purification
Lingua di pubblicazione	Inglese
Formato	Materiale a stampa
Livello bibliografico	Monografia
Note generali	"Science and technology."
Nota di bibliografia	Includes bibliographical references (p. 53-54).
Nota di contenuto	""Acknowledgments""; ""Contents""; ""Regulations""; ""Pretreatment Goals""; ""Operational Techniques""; ""Pretreatment Terminology""; ""References""
Sommario/riassunto	Designed for field use by water operators, this pocket-sized book provides operational information on mixing, coagulation, and sedimentation processes in water treatment. The guide provides regulatory, theoretical, operations, inspection, and maintenance data, formulas, and procedures for these processes, as well as mixing and chemical addition data for lime-softening applications. Information on solids produced during the processes is also provided. This field guide is suitable for operators who use mechanical and in-line mixing components with metal salt coagulants to form floc particles. _x000d_
