Sommario/riassunto	This book, authored by Wang Wei, Wang Weiya, and Sun Yan, provides a comprehensive guide to theories and practices in early childhood education. It covers the historical development of early childhood education, its relationship with society, and the principles and goals of early childhood education. The book also discusses the development and education of young children, the role of play in kindergartens, curriculum and teaching strategies, and the evaluation of educational outcomes. It is intended for educators, researchers, and students in the field of early childhood education, offering both theoretical insights and practical guidelines to enhance the educational experience for young children.
