Nota di contenuto	Introduction: Afrocentric essentialism -- Africa and the challenges of constructing identity -- Conceptual and paradigmatic utilizations and representations of Africa -- Essentialist construction of identity and pan-Africanism -- Afrocentric consciousness and historical memory -- Afrocentric essentialism and globalization.
Sommario/riassunto	Postcolonial discourses on African Diaspora history and relations have traditionally focused intensely on highlighting the common experiences and links between black Africans and African Americans. This is especially true of Afrocentric scholars and supporters who use Africa to construct and validate a monolithic, racial, and culturally essentialist worldview. Publications by Afrocentric scholars such as Molefi Asante, Marimba Ani, Maulana Karenga, and the late John Henrik Clarke have emphasized the centrality of Africa to the construction of Afrocentric essentialism. In the last fifteen years

Sommario/riassunto	Now, more than ever, the field of rehabilitation psychology is growing. This book--one of the few that focuses solely on rehabilitation psychology research--provides the reader with the most up-to-date look at research and practice within the field of rehabilitation psychology. It offers recommendations for future research programs, policy changes, and clinical interventions from the various perspectives within rehabilitation psychology research and practice, and seeks to demonstrate how much the field can evolve with the implementation of these changes. Topics covered include:.. Assistive te
