ISBN	9786613122001 9781283122009 1283122006 9789027286864 9027286868
Edizione	[1st ed.]
Descrizione fisica	1 online resource (616 p.)
Classificazione	ER 700
Altri autori (Persone)	GoodwinDonald Fraser EschbachAchim
Disciplina	400
Soggetti	Language and languages
Lingua di pubblicazione	Inglese
Formato	Materiale a stampa
Livello bibliografico	Monografia
Note generali	Translation of: Sprachtheorie.
Nota di bibliografia	Includes bibliographical references and index.
Nota di contenuto	pt. 1. The principles of language research -- pt. 2. The deictic field of language and deictic words -- pt. 3. The symbolic field of language and the naming words -- pt. 4. The make-up of human speech : elements and compositions.
Sommario/riassunto	Karl Bühler (1879-1963) was one of the leading theoreticians of language of the twentieth century. Although primarily a psychologist, Bühler devoted much of his attention to the study of language and language theory. His masterwork Sprachtheorie (1934) quickly gained recognition in the fields of linguistics, semiotics, the philosophy of language and the psychology of language. This new edition of the English translation of Bühler's theory begins with a survey on 'Bühler's legacy' for modern linguistics (Werner Abraham), followed by the Theory of Language, and finally with a special 'Postscript: Twenty-five Years Later ...' (Achim Eschbach). Bühler's theory is divided into four parts. Part I discusses the four axioms or principles of language research, the most famous of which is the first, the organon model, the base of Bühler's instrumental view of language. Part II treats the role of

indexicality in language and discusses deixis as one determinant of speech. Part III examines the symbolic field, dealing with context, onomatopoeia and the function of case. Part IV deals with the elements of language and their organization (syllabification, the definition of the word, metaphor, anaphora, etc). The text is accompanied by an Introduction (Achim Eschbach); Translator's preface (Donald Fraser Goodwin); Glossary of terms; and a Bibliography of cited works.
