

1. Record Nr.	UNINA9910971566403321
Autore	Halliday M. A. K (Michael Alexander Kirkwood), <1925->
Titolo	On language and linguistics / M.A.K. Halliday ; edited by Jonathan Webster
Pubbl/distr/stampa	London ; New York, : Continuum, 2004
ISBN	9786611298470 9781474211932 1474211933 9781281298478 1281298476 9781847143372 1847143377
Edizione	[First edition.]
Descrizione fisica	1 online resource (489 pages)
Collana	Collected works of M.A.K. Halliday ; v. 3
Disciplina	410
Soggetti	Linguistics Language and languages
Lingua di pubblicazione	Inglese
Formato	Materiale a stampa
Livello bibliografico	Monografia
Note generali	First published in 2003, reprinted 2004
Nota di bibliografia	Includes bibliographical references and index
Nota di contenuto	pt. one. The place of linguistics as a discipline -- pt. two. Linguistics and language -- pt. three. Language as social semiotic Introduction: on the "architecture" of human language -- Professor M. A. K. Halliday -- Section One: The Place of Linguistics as a Discipline -- Editor's Introduction -- 1. Syntax and the Consumer -- 2. Grammar, Society and the Noun -- 3. The Context of Linguistics -- 4. Ideas about Language -- 5. Language and the Order of Nature -- 6. New Ways of Meaning: the challenge to applied linguistics -- Section Two: Linguistics and Language -- Editor's Introduction -- 7. A Brief Sketch of Systemic Grammar -- 8. Systemic Background -- 9. Systemic Grammar and the Concept of a "Science of Language" -- 10. Language in a Changing World -- 11. A Recent View of "Missteps" in Linguistic Theory -- 12. Linguistics as Metaphor -- 13. Is the Grammar Neutral? Is the Grammmarian Neutral? -- Section Three: Language as Social Semiotic -- Editor's Introduction -- 14. The Functional Basis of Language -- 15. Towards a Sociological Semantics -- 16. The History

Sommario/riassunto

"For nearly half a century, Professor M. A. K. Halliday has been enriching the discipline of linguistics with his keen insights into the social semiotic phenomenon we call language. This ten-volume series presents the seminal works of Professor Halliday. This third volume includes papers that explore different aspects of language from a systemic functional perspective. The papers are organized into three sections: the place of linguistics as a discipline; linguistics and language; and language as social semiotic. In addition, there is a new work from Professor Halliday, entitled 'On the "architecture" of human language', in which he focuses on the assumptions or working hypotheses that enabled him to explore important questions about this massive semiotic power called 'language'."--Bloomsbury Publishing

The third volume in the collected works of Professor M.A.K. Halliday, *On Language and Linguistics*, includes eighteen chapters exploring different aspects of language from a systemic functional perspective. These are organized into three sections: the place of linguistics as a discipline; linguistics and language; and language as social semiotic. In addition, there is a new work from Professor Halliday, entitled 'The architecture of language' in which he focuses on the assumptions or working hypotheses that enabled him to explore important questions about this massive semiotic power called 'language'.
