Sommario/riassunto	With a combination of essay-length and short entries written by a team of leading religious experts, the two-volume Encyclopedia of Eastern Orthodoxy offers the most comprehensive guide to the cultural and intellectual world of Eastern Orthodox Christianity available in English today. An outstanding reference work providing the first English language multi-volume account of the key historical, liturgical, doctrinal features of Eastern Orthodoxy, including the Non-Chalcedonian churchesExplores of the major traditions of Eastern Orthodoxy in detail, including the Armeni
