Index of Names.

Sommario/riassunto

This volume is intended as the first in a series of studies on traditional Arab linguistic theories concentrating on Sbawayhi and his grammatical legacy. Here, the reader is introduced to the major issues and themes that have determined the development of Arabic grammar and presents Sbawayhi in the context of his intellectual and social environment. The papers make significant contributions to and offer in-depth introductions into major aspects of the foundations of Arab Linguistics, early Syriac and medieval Hebrew linguistic traditions. This is a unique reference on the three main Semitic linguistic traditions, accompanied by a detailed analysis of some grammatical and pragmatic aspects of Kitb Sbawayhi in the light of modern theories and scholarship. Contributors include: M. G. Carter, Hanadi Dayyeh, Manuela E.B. Giolfo, Mohamed Hnid, Almog Kasher, Geoffrey Khan, Daniel King, Amal Marogy, Avigail S. Noy, Arik Sadan, Haruko Sakaedani

Sommario/riassunto

First published in 1997, this volume responds to a world in the midst of a telecommunications revolution. What this means is that societies throughout the world are now provided with new opportunities to solve nagging problems. One problem which is the focus of this book is the continual pockets of poverty that exist in countries around the world. In this regard, welfare reform has been slow in coming as nations struggle for allocating limited resources for meeting the needs of all citizens within its boundaries. This book describes a welfare model that is quite innovative, imaginative, but also practical. It can be readily implemented in any country in the world, although the example used in this book is that of one country. The welfare reform model suggested here is all about freedom, opportunity and equity. At its conclusion, it challenges the reader to take welfare reform to the next level.

Contextualising law and emotion : past narratives and future directions

-- Heather Conway and John Stannard -- Affective family law -- Clare Huntington -- Where there's a will ? : law and emotion in sibling inheritance disputes -- Heather Conway -- The emotional dynamics of undue influence -- John Stannard -- Discovering dignity : unpacking the emotional content of "Killing Narratives?" -- Mary Neal -- Empathy for victims in criminal justice : revisiting Susan Bandes in victimology -- Antony Pemberton -- Re-emotionalising regulatory responses to child sex offenders -- Anne-Marie McAlinden -- Emotions and the assessment of credibility -- Jane Herlihy and Stuart Turner -- Emotional transitions in social movements : the case of immigrant rights activism in Arizona -- Kathryn Abrams -- Mediation and emotions : perception and regulation -- Charlie Irvine and Laurel Farrington -- Engaging with emotions in the legal profession -- Eimear Spain and Timothy Ritchie -- Emotion and the discourse of judging -- Terry A Maroney -- Becoming like Solomon : towards an emotionally intelligent legal system -- John Stannard and Heather Conway.

Sommario/riassunto

In his seminal work, *Emotional Intelligence*, Daniel Goleman suggests that the common view of human intelligence is far too narrow and that emotions play a much greater role in thought, decision-making and individual success than is commonly acknowledged. The importance of emotion to human experience cannot be denied, yet the relationship between law and emotion is one that has largely been ignored until recent years. However, the last two decades have seen a rapidly expanding interest among scholars of all disciplines into the way in which law and the emotions interact, including the law's response to emotion and the extent to which emotions pervade the practice of the law. In *The Emotional Dynamics of Law and Legal Discourse* a group of leading scholars from both sides of the Atlantic explore these issues across key areas of private law, public law, criminal justice and dispute resolution, illustrating how emotion infuses all areas of legal thought. The collection argues for a more positive view of the role of emotion in the context of legal discourse and demonstrates ways in which the law could, in the words of Goleman, become more emotionally intelligent
