Sommario/riassunto

Proven strategies to help kids learn faster and better, from bestselling author Bill Handley Kids who succeed at school aren't necessarily smarter than other kids. Often, they're simply better at learning. Speed Learning for Kids helps you teach your child how to thrive at school by learning more in less time with less effort. The brain-training techniques in this book will enable kids to not just learn faster, but enjoy their learning, memorise as they go, and absorb as much in ten minutes as they normally would in two hours of study. How is it possible? These nontraditiona
