

1. Record Nr.	UNINA9910972490203321
Autore	Thurlbeck William M
Titolo	Thurlbeck's chronic airflow obstruction / / William Michael Thurlbeck, Joanne Lynne Wright
Pubbl/distr/stampa	Hamilton, Ont., : B.C. Decker, 1999
ISBN	0-585-31720-8
Edizione	[2nd ed.]
Descrizione fisica	1 online resource (336 p.)
Altri autori (Persone)	Wright Joanne L Thurlbeck William M
Disciplina	616.2/3
Soggetti	Lungs - Diseases, Obstructive Respiratory organs - Obstructions
Lingua di pubblicazione	Inglese
Formato	Materiale a stampa
Livello bibliografico	Monografia
Note generali	Rev. ed. of: Chronic airflow obstruction in lung disease / by William M. Thurlbeck. 1976.
Nota di bibliografia	Includes bibliographical references and index.
Nota di contenuto	Half Title Page -- Title Page -- Copyright Page -- Contents -- Dedication -- In Memorium -- Preface -- Chapter 1: Historical Considerations -- Chapter 2: Tests of Pulmonary Function -- Chapter 3: Chronic Bronchitis -- Chapter 4: Emphysema: Classification, Morphology, and Associations -- Chapter 5: Emphysema: Etiology, Pathogenesis, Animal Models, and Epidemiology -- Chapter 6: Emphysema: Clinical and Clinicopathologic Correlations, Radiographic Alterations, Lung Reduction Surgery -- Chapter 7: Airflow Obstruction Due to Disease in the Small Airways -- Chapter 8: Asthma -- Chapter 9: Bronchiectasis -- Chapter 10: Diseases in Other Organs -- Index.
Sommario/riassunto	No date is noted for the first edition, but the second incorporates such developments as the protease-antiprotease hypothesis of emphysema, tobacco-associated bronchiolitis and its clinicopathologic correlates, other forms of bronchiolitis, the computed tomographic diagnosis of emphysema, the pathogenesis and role of mediators in asthma, and the move of much pulmonary research into molecular biology. Topics include historical considerations, tests of pulmonary function, etiology, animal models, epidemiology, and lung reduction surgery. Thurlbeck died after bringing Wright on board but before the volume was completed. The CD-ROM, apparently containing the text, runs either in Windows or on Macintosh.
