

1. Record Nr.	UNINA9910972624403321
Titolo	Facilitating collaborations to develop combination investigational cancer therapies : workshop summary // Margie Patlak, Erin Balogh, and Sharyl J. Nass, rapporteurs ; Institute of Medicine of the National Academies
Pubbl/distr/stampa	Washington, D.C., : National Academies Press, 2012
ISBN	0-309-22067-X 1-280-12334-6 9786613527202 0-309-22065-3
Edizione	[1st ed.]
Descrizione fisica	1 online resource (117 p.)
Altri autori (Persone)	PatlakMargie BaloghErin NassSharyl J
Soggetti	Cancer - Treatment
Lingua di pubblicazione	Inglese
Formato	Materiale a stampa
Livello bibliografico	Monografia
Note generali	"National Cancer Policy Forum, Board on Health Care Services."
Nota di bibliografia	Includes bibliographical references.
Nota di contenuto	Introduction -- Why Combinations and Collaborations Are Necessary -- Scientific Challenges in Developing Investigational Combination Therapies -- Overcoming Cultural Challenges to Collaborations Legal Issues in Collaborations -- Financial Challenges -- Regulatory Issues -- Codevelopment of Therapies for HIV as a Model -- Examples of Collaborations Relevant to Cancer -- Wrapping Up -- Appendix A: Examples of Collaborations -- Appendix B: Workshop Agenda -- References -- Acronyms.
Sommario/riassunto	"Advances in biomedical research have increased our understanding of the complex nature of disease and the interaction of multiple molecular pathways involved in cancer. Combining investigational products early in their development is thought to be a promising strategy for identifying effective therapies. The IOM's National Cancer Policy Forum held a workshop to discuss challenges and identify potential solutions to improve collaboration and advance the development of combination investigational cancer therapies."--Publisher's description.
