

1. Record Nr.	UNINA9910972957803321
Autore	Antomarini B (Brunella)
Titolo	Thinking through error : the moving target of knowledge / / Brunella Antomarini
Pubbl/distr/stampa	Lanham, Md., : Lexington Books, c2012
ISBN	979-82-16-30468-5 1-280-87136-9 9786613713377 0-7391-7623-4
Descrizione fisica	1 online resource (143 p.)
Disciplina	121/.6
Soggetti	Error
Lingua di pubblicazione	Inglese
Formato	Materiale a stampa
Livello bibliografico	Monografia
Note generali	Description based upon print version of record.
Nota di bibliografia	Includes bibliographical references and index.
Nota di contenuto	The forms and their errors -- The non-linear adventures of the theories of color -- The uselessness of totality or a short survey in a parallel philosophical tradition -- How we guess -- Interlude: the wrong decision -- A defense of insecurity -- Parallel universes.
Sommario/riassunto	Thinking through Error: The Moving Target of Knowledge argues that there is a positive view of error. Making errors does not only mean that we've done something wrong, but also that we -more or less unaware- are given a chance to find something new and true. Trying to avoid errors is a social request, but it is uncertainty that has a liberating function on the philosophical level, as well as on the individual, psychological level.
