Sommario/riassunto

The volume collects a selection of papers presented at a European Colloquium held at the Università degli Studi di Roma Tre in October 1997. It focuses on phenomena at the boundary between morphology and syntax, and provides analyses for data from the fields of both inflectional and derivational morphology and word order. Morpho-syntactic phenomena are analysed cross-linguistically and cross-theoretically, as typologically-different languages (European, Afro-Asiatic, American and Austronesian ones) are dealt with and compared according to a variety of approaches, from minimalism and lex
