Nota di bibliografia	Includes bibliographical references (pages 32-37).
Nota di contenuto	Executive summary -- Introduction -- A dangerous climate -- Methodology -- Collective violence against migrant entrepreneurs -- Official evasions -- Conclusion.
Sommario/riassunto	This report focuses on the chronology and geography of collective violence against migrant entrepreneurs since South Africa's first democratic elections in 1994. The overall aim of the research was to document and create a chronological account of attacks on migrant businesses, to categorise the types and frequency of attacks and to map the locations where such events occurred.
