Edizione	[1st ed.]
Descrizione fisica	1 online resource (146 p.)
Collana	Linguistik Aktuell/Linguistics Today
Disciplina	410.367
Soggetti	English language Language and languages Linguistics
Lingua di pubblicazione	Inglese
Formato	Materiale a stampa
Livello bibliografico	Monografia
Note generali	Description based upon print version of record.
Nota di bibliografia	Includes bibliographical refferences and index.
Nota di contenuto	Multiple Determiners and the Structure of DPs; Editorial page; Title page; LCC data; Table of contents; List of abbreviations; Preface; 1. Introduction; 1. What this book is about; 2. Overview of the empirical domain; 3. Approaching multiple marking; 4. Background: The structure of the DP; 5. Outline of the book; 2. Definite determiner spreading in Greek; 1. The structure of the Greek DP; 2. Definite determiner spreading in the presence of adjectival modification; 2.1 The main pattern; 2.2 The semantic contribution of multiple determiners 2.2.1 The Prominence Condition and Greek clitic doubling2.2.2 Determiner spreading and Prominence; 2.3 Towards an analysis; 2.3.1 Clitic doubling in the DP; 2.3.2 Determiner spreading does not involve an article realizing a predication relation; 2.3.3 Establishing the generalizations concerning adjectival distribution (again); 2.3.4 Greek determiner spreading does not involve lose apposition; 2.3.5 Greek determiner spreading involves a reduced relative clause structure; 3. Generalized multiple marking in Greek?; 3.1 Other contexts with double marking 3.2 On the properties of the other multiple determiner patterns3.3 Substantivized adjectives; 3.4 Binominal NPs; 3.5 Pseudopartitives; 3.6

Sommario/riassunto	This book is a research monograph that investigates the crosslinguistic distribution of multiple determiners. In some languages, noun phrases permit or even seem to require a double or multiple realization of definite/indefinite markers in certain modification environments. The book develops tools that can be used to keep the different instantiations of the phenomenon apart and argues that a uniform account thereof is not desirable. On the basis of these tools, it advances the proposal that there are different types of multiple occurrences of determiners (and sub-types thereof), some are synta

The Interpretation of Focus; Chapter 3. The Representation of Focus; Chapter 4. Constructional Focus; Chapter 5. Cleft Focus; Chapter 6. Summary; FOOTNOTES; References; The series STUDIES IN GENERATIVE LINGUISTIC ANALYSIS
	Sommario/riassunto	The topic of this book is the notion of 'focus' and its linguistic characterization. The main thesis is that focus has a uniform grammatical identification only as a syntactic element with - in English at least - a certain systematic phonological interpretation and - presumably universally - a range of semantic interpretations. In broad respects, the framework within this investigation is conducted is that of Chomsky & Lasnik (1977) and the subsequent Government and Binding framework. After considering defining the location of prominence in a focused phrase in terms of constituent structure, t
