Sommario/riassunto

This study of civil-military relations in Latin America begins by noting that, since 2000, military dictatorships in the region have virtually disappeared, with the political role of the military in many countries dramatically diminished. The book then examines the new types of regimes, including the rise of participatory democracy, the new political orientations, such as the renaissance of the Left in Latin America, and the new missions for the military that have begun to appear. It illustrates how the 2009 military coup in Honduras, the military
