1.	Record Nr.	UNISA996418207803316
	Titolo	Optimization and Applications [[electronic resource]] : 11th International Conference, OPTIMA 2020, Moscow, Russia, September 28 – October 2, 2020, Proceedings / / edited by Nicholas Olenev, Yuri Evtushenko, Michael Khachay, Vlasta Malkova
	Pubbl/distr/stampa	Cham : , : Springer International Publishing : , : Imprint : Springer, , 2020
	ISBN	3-030-62867-1
	Edizione	[1st ed. 2020.]
	Descrizione fisica	1 online resource (XIV, 331 p. 97 illus., 51 illus. in color.)
	Collana	Theoretical Computer Science and General Issues, , 2512-2029 ; ; 12422
	Disciplina	519.3
	Soggetti	Computer science—Mathematics
		Artificial intelligence
		Image processing—Digital techniques
		Computer vision
		Computer networks
		Mathematical Applications in Computer Science
		Artificial Intelligence
		Computer Imaging, Vision, Pattern Recognition and Graphics
		Computer Communication Networks
	Lingua di pubblicazione	Inglese
	Formato	Materiale a stampa
	Livello bibliografico	Monografia
	Nota di contenuto	Optimization of the Values of the Right-Hand Sides of Boundary Conditions with Point and Integral Terms for the ODE System -- Saddle-Point Method in Terminal Control with Sections in Phase Constraints -- Pricing in Dynamic Marketing: the Cases of Piece-Wise Constant Sale and Retail Discounts -- The Generalized Algorithms of Global Parametric Optimization and Stochastization for Dynamical Models of Interconnected Populations -- On Solving a Generalized Constrained Longest Common Subsequence Problem -- Optimization Problems in Tracking Control Design for an Underactuated Ship with Feedback Delay, State and Control Constraints -- Theorems of Alternative and Optimization -- P-Regularity Theory: Applications to

Optimization -- A Given Diameter MST on a Random Graph -- Method of Parametric Correction in Data Transformation and Approximation Problems -- On the Use of Decision Diagrams for Finding Repetition-Free Longest Common Subsequences -- Distributing Battery Swapping Stations for Electric Scooters in an Urban Area -- Optimal Combination of Tensor Optimization Methods -- Nonlinear Least Squares Solver for Evaluating Canonical Tensor Decomposition -- PCGLNS: a Heuristic Solver for the Precedence Constrained Generalized Traveling Salesman Problem -- Simultaneous Detection and Discrimination of Subsequences which are Nonlinearly Extended Elements of the Given Sequences Alphabet in a Quasiperiodic Sequence -- Lurie Systems Stability Approach for Attraction Domain Estimation in the Wheeled Robot Control Problem -- Penalty-Based Method for Decentralized Optimization Over Time-Varying Graphs -- The Adaptation of Interior Point Method for Solving the Quadratic Programming Problems Arising in the Assembly of Deformable Structures -- On Optimizing Electricity Markets Performance -- Adaptive Extraproximal Algorithm for the Equilibrium Problem in Hadamard Spaces -- The Dual Simplex-Type Method for Linear Second-Order Cone Programming Problems -- About Difference Schemes for Solving Inverse Coefficient Problems.

| Sommario/riassunto | This book constitutes the refereed proceedings of the 11th International Conference on Optimization and Applications, OPTIMA 2020, held in Moscow, Russia, in September-October 2020.* The 21 full and 2 short papers presented were carefully reviewed and selected from 60 submissions. The papers cover such topics as mathematical programming, combinatorial and discrete optimization, optimal control, optimization in economics, finance, and social sciences, global optimization, and applications. * The conference was held virtually due to the COVID-19 pandemic. |

2. Record Nr.	UNINA9910974100603321
Autore	Gray John <1948->
Titolo	Hayek on liberty / / John Gray
Pubbl/distr/stampa	London ; ; New York, : Routledge, 1998
ISBN	1-134-69009-6
	1-134-69010-X
	1-280-10503-8
	0-203-00401-9
	0-203-26786-9
Edizione	[3rd ed.]
Descrizione fisica	1 online resource (197 p.)
Disciplina	192
	323.44
Soggetti	Liberty
	Liberalism
Lingua di pubblicazione	Inglese
Formato	Materiale a stampa
Livello bibliografico	Monografia
Note generali	Description based upon print version of record.
Nota di bibliografia	Includes bibliographical references (p. [164]-181) and index.
Nota di contenuto	Front Cover; Hayek on Liberty; Copyright Page; Contents; Note to the Third Edition; Preface to the First Edition and Acknowledgements; 1. Hayek's System of Ideas: Its Origins and Scope; The unity of Hayek's system of ideas and its philosophical character; Hayek's general philosophy: the Kantian heritage; Four influences on Hayek's sceptical Kantianism: Mach, Popper, Wittgenstein and Polanyi; Hayek's relations with the Austrian School of Economics and his account of the methodology of social science; Hayek on knowledge and the mind: implications for social theory
	2. The Idea of a Spontaneous Social Order Spontaneous order versus the constructivist fallacy; The central conception of spontaneous order and its applications to physical and social phenomena; The application of spontaneous order in economic life:the catallaxy; Cultural evolution and the natural selection of traditions; 3. The Law of Liberty; The origins and nature of law; Individual liberty under the rule of law; The rule of law and the myth of social justice; The juridical framework of spontaneous social order; 4. Economic Theory and Public Policy; Social science and public policy

Neoclassical equilibrium, the theory of capital and the character of the business cycle Hayek versus Keynes and Friedman on the role of money in the real economy; Shackle's critique of Hayek; 5. Some Contrasts and Comparisons; J.S.Mill; Herbert Spencer; Karl Popper; 6. Assessment and Criticism; The unity of Hayek's system of ideas; The status and content of the idea of spontaneous order in society; Hayek's constitution of liberty: some criticisms assessed; Conservatism and radicalism in Hayek's social philosophy; The Hayekian research programme and the prospects of social philosophy

Hayek's thought and the future of political philosophy Postscript: Hayek and the dissolution of classical liberalism; Biographical Note on Hayek; Bibliographical Note on Recent Studies of Hayek; Notes; Index

| Sommario/riassunto | Not available since the 1980's, this up-dated edition by the leading political philosopher, John Gray, outlines his new position on Hayek. In a substantial new chapter, Gray assesses how far the historical development of the last ten years can be deployed in a critique of Hayek's thought. His reassessment is not only a provoking study of a classical philosopher. It is also a timely contribution to the debate over the future of conservatism, as Gray argues that Hayekian liberalism - 'the most well-articulated political theory of the new right' - is flawed. |
