Sommario/riassunto

Youth gambling represents a potentially serious public policy and health issue. Nevertheless, the rise in youth gambling issues and problems in the global context is not matched with a parallel increase in research on adolescent gambling. As such, there is an urgent need to conduct more studies on adolescent gambling behaviour. Recently significant advances in the knowledge of the risk factors associated with adolescent problems has emerged. This book addresses issues related to prevalence, assessment, prevention and treatment of youth gambling problems as well as concerns related to technological changes associated with youth problem gambling.

Nota di contenuto	TABLE OF CONTENTS; PREFACE; ACKNOWLEDGEMENTS; INTRODUCTION; CHAPTER ONE; CHAPTER TWO; CHAPTER THREE; CHAPTER FOUR; CHAPTER FIVE; CHAPTER SIX; CHAPTER SEVEN; CHAPTER EIGHT; CHAPTER NINE; NOTES; BIBLIOGRAPHY; INDEX
Sommario/riassunto	Employing a thematic approach and drawing on disciplines ranging from neurobiology to philosophy, Film and Morality examines how morality is presented in films and how films serve as a source of moral values. While the role of censorship in upholding moral standards has been considered comprehensively, the presence of moral dilemmas in films has not attracted the same level of interest. Film-makers may address moral concerns explicitly, but moral dilemmas can serve as plot devices, creating d...
