[et al.] -- Youth unemployment in Europe: Okun's Law and beyond / Angana Banerji ... [et al.].</p>
Sommario/riassunto	<p>Among member states, many structural weaknesses were exposed when economic performance declined significantly and financial markets became more discerning. This book focuses on the analytical underpinnings of real-time policy advice given to euro area policymakers during four cycles of the IMF's annual Article IV</p>

consultations (2012–15) with euro area authorities.
