		7 Godly Order: Enforcing Peace in the Irish Reformation8 Enforcing the Reformation in Ireland, 1660-1704; 9 Conformity and Security in Scotland and Ireland, 1660-85; Index
	Sommario/riassunto	Adopting an international perspective, the essays in this volume look at

the motives, methods and impact of enforcing the Protestant Reformation in Ireland and Scotland. The volume offers a fascinating insight into how the political authorities in Scotland and Ireland attempted, with varying degrees of success, to impose Protestantism on their countries. By comparing the two situations and placing them in the wider international picture, our understanding of European confessionalization is further enhanced.
