Mission unaccomplished? -- Chapter 7: The Future of Azov --
Radicalization or entropy? -- Shifting the discourse -- Dismantling the
structure -- Ukraine's international allies -- Final thoughts --
Acknowledgments -- References.

Sommario/riassunto

From its roots in revolution and war, Ukraine's Azov movement has grown from a militia of fringe far-right figures and football hooligans fending off Russian-backed forces into a multipronged social movement that has become the envy of the global far right. In this first English-language book on the Azov movement, Michael Colborne explains how Azov came to be and continues to exploit Ukraine's fractured social and political situation—including the only ongoing war on European soil – to build one of the most ambitious and dangerous far-right movements in the world.
