Sommario/riassunto	"This book presents some of the most recent research on Finnish and Estonian pronouns and other minimal forms of reference. The articles deal with features particular to the pronoun systems of Finnic languages, such as logophoricity and the use of demonstratives for human referents, as well as other topics of current interest in research into the nature of pronominal reference, in particular the contextual, interactive and grammatical factors which influence the use and interpretation of pronouns. An international group of authors approach these questions from several theoretical frameworks including psycholinguistics, syntax, conversation analysis and discourse analysis. The volume is the first collection of articles on this topic published in English. Authors include Outi Duvallon, Marja Etelämäki, Päivi Juvonen, Elsi Kaiser, Lea Laitinen, Renate Pajusalu, Eeva-Leena Seppänen, and the editor, Ritva Laury. "

Sommario/riassunto

Quakers and Native Americans examines the history of interactions between Quakers and Native Americans (American Indians). Fourteen scholarly essays cover the period from the 1650s to the twentieth century. American Indians often guided the Quakers by word and example, demanding that they give content to their celebrated commitment to peace. As a consequence, the Quakers' relations with American Indians has helped define their sense of mission and propelled their rise to influence in the U.S. Quakers have influenced Native American history as colonists, government advisors, and educators, eventually promoting boarding schools, assimilation and the suppression of indigenous cultures. The final two essays in this collection provide Quaker and American Indian perspectives on this history, bringing the story up to the present day. Contributors include: Ray Batchelor, Lori Dagg, John Echohawk, Stephanie Gamble, Lawrence M. Hauptman, Allison Hrabar, Thomas J. Lappas, Carol Nackenoff, Paula Palmer, Ellen M. Ross, Jean R. Soderlund, Mary Beth Start, Tara Strauch, Marie Balsley Taylor, Elizabeth Thompson, and Scott M. Wert.
