Sommario/riassunto	National BookAward Finalist 2012 In this blistering collection of lyric poems, Cynthia Huntington gives an intimate view of the sexual revolution and rebellion in a time before the rise of feminism. "Heavenly Bodies" is a testament to the duality of sex, the twin seductiveness and horror of drug addiction, and the social, political, and personal dramas of America in the 1960s. From the sweetness of purloined blackberries to the bitter taste of pills, the ginger perfume of the Hawaiian Islands to the scream of the winter wind, Huntington s fearless and candid poems offer a feast for the senses that is at once mystical and earthy, cynical and surreal. Echoing throughout are some of the most famous and infamous voices of the times: Joan Baez and

Charles Manson, Frank Zappa and Betty Friedan. Jinns and aliens beckon while cities burn and revolutionaries thunder for change. At the center is the semiautobiographical Suzy Creamcheese, sensual and rebellious, both almighty and powerless in her sexuality. Achingly tender yet brutally honest, "Heavenly Bodies" is an unflinching reflection on the most personal of physical and emotional journeys. "Univeristy Press Books for Public and Secondary Schools" 2013 edition
 Finalist for the "National Book Award" in Poetry, 2012 "

2. Record Nr.	UNINA9910959609703321

Sommario/riassunto	Written by two renowned leaders in the field, the much-anticipated fifth edition of Clinical Handbook of Psychiatry and the Law offers mental health professionals authoritative guidance on how today's law affects clinical practice. Each chapter in this award-winning reference presents

case examples of legal issues often seen in day-to-day practice; clearly explains the governing legal rules, their rationale, and their clinical impact; and offers concrete action guides to navigating clinicolegal dilemmas. It's a must-have resource for anyone in the mental health field who needs an easy-to-read, practical handbook addressing both longstanding legal/ethical issues and crucial recent developments in the field.
