Sommario/riassunto	This book is about taking personal control of your management career by planning for your development outside of training sessions or university degree programs. Careers and organizations are changing rapidly so personalizing your own training and competency development is critical. Included in this book are self-evaluations for cognitive competence, virtual competence, emotional competence, cross-cultural competence, socialization competence, health competence, and competencies in spotting leadership differences and situational recognition.

Sommario/riassunto	The 'sequel' to his best-selling <i>Classes and Cultures</i> , Ross McKibbin's latest book is a powerful reinterpretation of British politics in the first decades of universal suffrage. What did it mean to be a 'democratic society'? To what extent did voters make up their own minds on politics or allow elites to do it for them? Exploring the political culture of these extraordinary years, <i>Parties and People</i> shows that class became one of the principal determinants of political behaviour, although its influence was often surprisingly weak. McKibbin argues that the kind of democracy that emerged in Britai
