

1. Record Nr.	UNINA9910983344703321
Autore	Botero Maria
Titolo	Observing Primate Caregivers / / by Maria Botero
Pubbl/distr/stampa	Cham : , : Springer Nature Switzerland : , : Imprint : Springer, , 2025
ISBN	9783031762161 3031762169
Edizione	[1st ed. 2025.]
Descrizione fisica	1 online resource (258 pages)
Disciplina	156
Soggetti	Psychology, Comparative Cognitive psychology Social psychology Zoology Comparative Psychology Cognitive Psychology Social Psychology Psicologia cognitiva Psicologia comparada Psicologia social Primats Llibres electrònics
Lingua di pubblicazione	Inglese
Formato	Materiale a stampa
Livello bibliografico	Monografia
Nota di contenuto	Part 1. Before Africa -- 1. Primate Caregivers and Infants: Three key Ideas -- 2. Designing a Study: What a Researcher's Choices Reveal About Their Presuppositions on Communication -- Part 2. In the Field -- 3. Experiencing the Wild -- 4. It is not That Simple: There is Variation we Must Account for -- Part 3. The Aftermath -- 5. The Importance of Touch -- 6. How to Interpret Touch -- 7. Moral Consequences.
Sommario/riassunto	This book aims to advance our understanding of the caregiver-infant interaction in primates and its effect on the development of social cognition, working from an interdisciplinary approach (i.e., psychology, philosophy, and anthropology), challenging the dominant cognitivist

perspectives and methodologies. This book is important because it contributes to understanding how primate parent-and-infant interaction works and how it affects the infant's development. Understanding this parent-and-infant interaction contributes to finding better ways to support human parents and provide better care for non-human primate mothers and infants in captivity.
