

1. Record Nr.	UNINA9910983365603321
Autore	Jung Soon-Mo
Titolo	Aleksandrov-Rassias Problems on Distance Preserving Mappings // by Soon-Mo Jung
Pubbl/distr/stampa	Cham : , : Springer Nature Switzerland : , : Imprint : Springer, , 2025
ISBN	9783031776137 3031776135
Edizione	[1st ed. 2025.]
Descrizione fisica	1 online resource (349 pages)
Collana	Frontiers in Mathematics, , 1660-8054
Disciplina	515.7
Soggetti	Functional analysis Geometry Topology Functional Analysis
Lingua di pubblicazione	Inglese
Formato	Materiale a stampa
Livello bibliografico	Monografia
Nota di contenuto	Preface -- Preliminaries -- Aleksandrov Problem -- Aleksandrov-Benz Problem -- Aleksandrov-Rassias Problems -- Rassias and Xiang's Partial Solutions -- Inequalities for Distances between Points -- Jung, Lee, and Nam's Partial Solutions -- Miscellaneous -- Bibliography -- Index.
Sommario/riassunto	This book provides readers with an engaging explanation of the Aleksandrov problem, giving readers an overview of the process of solving Aleksandrov-Rassias problems, which are still actively studied by many mathematicians, and familiarizing readers with the details of the proof process. In addition, effort has been put into writing this book so that readers can easily understand the content, saving readers the trouble of having to search the literature on their own. In fact, this book logically and kindly introduces the basic theories of related fields.
