Sommario/riassunto	This book provides a comprehensive overview of human trafficking, addressing its definition, scale, and the various industries where it is prevalent, such as agriculture, garment manufacturing, and commercial sex. It examines the tactics used by traffickers, the impact on victims, and the financial, physical, and mental health consequences faced by trafficked individuals. The text also explores the response of the criminal justice system, including federal and state statutes, successful prosecution strategies, and support for victims. Additionally, it discusses corporate law, labor and employment law, and immigration

protections related to human trafficking. The book emphasizes the importance of public interest advocacy, providing resources for attorneys and highlighting the intersections of human trafficking with other areas of law. It serves as an educational and informational resource aimed at legal professionals, policymakers, and advocates working to combat human trafficking.
