Formato	Materiale a stampa
Livello bibliografico	Monografia
Nota di bibliografia	Includes bibliographical references (p. 133-138) and index.
Nota di contenuto	I. Introduction to Latino Residential Segregation II. Why Do We Need to Study Latino Residential Segregation III. What Has Research on Residential Segregation Told Us So Far? IV. Sources of Data and Methodology V. Extent of Latino Segregation VI. Extent of Latino Sub-Group Segregation VII. Causes of Latino Segregation VIII. Causes of Latino Sub-Group Segregation IX. Summary, Conclusions & Policy Implications Appendix 1: Index of Isolation 1890-1930 Appendix 2: Univariate Analysis of (D) Scores 1970-2000 Appendix 3: Latino Residential Segregation in 2000 Appendix 4: Regression Model for Latinos and Blacks: Demographics; Socio-Economics Appendix 5: Regression Model for Latinos and Blacks: Demographics & Socio-Economics Appendix 6: Regression Model for Mexicans, Puerto Ricans and Cubans: Demographics; Socio-Economics Appendix 7: Regression Model for Mexicans, Puerto Ricans and Cubans: Demographics & Socio-Economics
Sommario/riassunto	Historically, residential segregation of Latinos has generally been seen as a result of immigration and the process of self-segregation into ethnic enclaves. This study of the 331 metropolitan areas in the United States between 1990 and 2000 shows that Latinos are facing structural

inequalities outside of the degree of African ancestry.
