Pubbl/distr/stampa	Oxford University Press USA, 2025
ISBN	0-19-197681-4 0-19-288255-4
Disciplina	153.12
Soggetti	Memory Memory (Philosophy) Space and time
Lingua di pubblicazione	Inglese
Formato	Materiale a stampa
Livello bibliografico	Monografia
Sommario/riassunto	"This volume reflects the outcome of a workshop on "Space, Time and Memory" held at the University of Arizona (UA) in November of 2022. Contributors from three different disciplines - philosophy, psychology, and neuroscience - convey both the breadth of thinking in the field and the ways in which combining these different perspectives can lead to significant advances in understanding how space, time and memory interact in our minds/brains"-- Provided by publisher.
