Gathering Information with Which to Make Downsizing Decisions.

**Sommario/riassunto**

Where the strategy of staffing and business align. Strategic Staffing prepares all current and future managers to take a strategic and modern approach to the identification, attraction, selection, deployment, and retention of talent. Grounded in research but full of real-world examples, this text describes how organisations can develop a staffing strategy that reinforces business strategy, leverages staffing technology, and evaluates and improves staffing systems. This edition includes new and relevant topics on staffing that students will be able to immediately apply in their future career.

## Sommario/riassunto

The subject of food science is divided into 12 major sections, each of which is reviewed once a year. Each volume contains one or two of the major sections, and the amount of space devoted to each section is related to its importance.
