

1. Record Nr.	UNINA9911004754903321
Autore	Lennon Tom <1963->
Titolo	Structural fire engineering / / Tom Lennon
Pubbl/distr/stampa	London : , : ICE Publishing, , 2011
ISBN	1-62870-405-5 0-7277-4169-1
Descrizione fisica	1 online resource (185 pages) : illustrations (some color)
Disciplina	693.82
Soggetti	Building, Fireproof Building, Fireproof - Standards Fire protection engineering Fire protection engineering - Standards Fire resistant materials Fire resistant materials - Standards
Lingua di pubblicazione	Inglese
Formato	Materiale a stampa
Livello bibliografico	Monografia
Note generali	Bibliographic Level Mode of Issuance: Monograph
Nota di bibliografia	Includes bibliographical references and index.
Sommario/riassunto	Providing comprehensive and practical design guidance on the application of structural fire engineering to specialist structural engineers, this book explains structural fire engineering design process, its position within the regulatory system and guidance on the selection of appropriate partial factors for the fire limit state for variations in material properties and loading.
