

1. Record Nr.	UNINA9911004837603321
Autore	Moore Colin S
Titolo	Intact stability
Pubbl/distr/stampa	[Place of publication not identified], : Society of Naval Architects, 2010
ISBN	0-939773-74-0
Collana	Principles of naval architecture Intact stability
Disciplina	623.8/171
Soggetti	Stability of ships Naval Architecture Military & Naval Science Law, Politics & Government
Lingua di pubblicazione	Inglese
Formato	Materiale a stampa
Livello bibliografico	Monografia
Note generali	Bibliographic Level Mode of Issuance: Monograph
Nota di contenuto	Elementary principles -- Determining vessel weights and center of gravity -- Metacentric height -- Curves of stability -- Effect of free liquids -- Effect of changes in weight on stability -- Evaluation of stability -- Draft, trim, heel, and displacement -- The inclining experiment -- Submerged equilibrium -- The trim dive -- Methods of improving stability, drafts, and list -- Stability when grounded -- Advanced marine vehicles.
