Sommario/riassunto	Fifty years ago, Milton Friedman had the ground-breaking idea to improve public education with school vouchers. By separating government financing of education from government administration of

schools, Friedman argued, "parents at all income levels would have the freedom to choose the schools their children attend.". Liberty & Learning is a collection of essays from the nation's top education experts evaluating the progress of Friedman's innovative idea and reflecting on its merits in the 21st century. The book also contains a special prologue and epilogue by Milton Friedman himself. The cont
