

1. Record Nr.	UNINA9911006505503321
Titolo	Design of concrete structures using high-strength steel reinforcement
Pubbl/distr/stampa	[Place of publication not identified], : Transportation Research Board National Research Council, 2011
ISBN	1-62198-248-3
Collana	NCHRP report Design of concrete structures using high-strength steel reinforcement
Disciplina	624.1/76
Soggetti	Reinforced concrete construction Structural design Strains and stresses Civil & Environmental Engineering Engineering & Applied Sciences Civil Engineering
Lingua di pubblicazione	Inglese
Formato	Materiale a stampa
Livello bibliografico	Monografia
Note generali	Bibliographic Level Mode of Issuance: Monograph
